

Navigation astronomique !

Plongez dans l'univers de la navigation astronomique telle que la vivaient les premiers navigateurs autour du globe !

A detailed black and white illustration of an armillary sphere, a model of objects in the sky, representing the celestial sphere with a grid of lines and other features. The sphere is mounted on a decorative stand. Labels include P, E, H, B, Q, C, and 'Zodiacus'. The sphere shows various celestial paths, including the ecliptic and the zodiac, with the word 'Zodiacus' written along one of the bands. The stand is ornate, with a base that resembles a tree trunk or a classical column. The background is a dark, textured surface, possibly representing the ground or a sky map.
