Welcome to Andernos-les-bains !

My name is Robin. Let's meet at the marina. From the boulevard de la République, take the Avenue de Bétey in direction of the dock Quai Raymond Madères. Together, we will go back in time to prehistory.

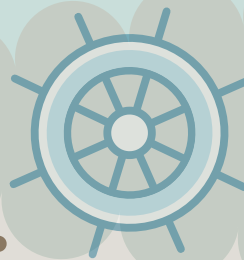

- 1** The marina is named after a stream that divides the city in two and rises in the place ok Querquillas. **What** is its name ?

Answer :

Did you know? in Gascony it means Woodcock hunting net.

- 2** Many boats are docked in this port. **How many boat spaces** are there?

Answer :

To find the answer, do this subtraction
: $250 - 100 = ?$

- 3** There are many different kinds of boats there. **Link the photos with their correct name.**

Did you know ? in this list you can find the name of a traditional boat of the Arcachon Bay : the PINASSE. Its name comes from the PINE trees, the wood used to build it.

Find the right answer by solving this riddle:

Answer:

Did you know? Even if the neanderthal man left traces at the Bétey, most of the found objects were made by the Homo Sapiens, in the Neolithic period.

Hypothesis of Neolithic occupation of the Bétey site around the years -5400 to -2300 BC

One additional little question: what do you think you are, a Neanderthal or Homo sapiens?

After this moment spent in the past, let's go back to present! Enjoy all the beautiful things this site has to offer!

- + The playground
- + The Beach: swimming on high tide, sandcastle on low tide
- + The sports activities of CAP33 during the summer

If you want to learn a little bit more about Andernos during the préhistoric era, you can also visit the Museum (Maison Louis David, Avenue Pasteur). Every Thursday at 2:30 pm, in July and August, Maud, our prehistory expert guide will have the pleasure to tell you the details about it during the guided tour "Tell me story of Andernos" don't forget back at the Tourism Office with you answers; a surprise (per famille) is waiting for you... I wish you a happy holiday and hope to see you soon for new adventures!
